

Project 6:10

Galatians 6:10 tells us “So then, as we have opportunity, let us do good to everyone, and especially to those who are of the household of faith.”

Project 6:10 mission is to use local leaders in business and provide an opportunity to utilize our skills for the betterment of community.

Our community has thousands of worship centers from the strip mall church to the mega centers, Atlanta provides a unique opportunity for those from any background or faith to serve together.

Our goal at RLCS is to partner with business leaders and ensure that we provide a comfortable environment for those of any faith.

What Are You Looking For?

RL Commercial Systems is looking to partner with business leaders from skilled fields to assist our Project 6:10 by volunteering labor hours as well as supplies to rehab selected places of worship; which will allow the selected facility to effectively serve the community.

Like an extreme makeover?

In theory, our efforts will be extreme, just minus the bulldozer and TV cameras. Our goal is to ensure the facility can comfortably allow patrons to worship as well as grow membership. Our labors will be to:

Replace Lighting

Deep Janitorial Clean

Light Grounds and Lawn Service

Patchwork and Repainting Stressed Areas

Plumbing & HVAC Evaluation

Providing donated supplies such as fans, chairs and office supplies.

Project 6:10

So how will it work?

RLCS will select a place of worship through recommendations via social media and current business partnerships. Upon selection, RLCS will conduct a walk thru at the chosen facility to determine feasible renovations. After the evaluation is completed, we will send an estimate of labor hours and materials needed to partner companies. All of the rehab work will be completed in 1 to 2 days with each work day consisting of 6 to 8 hours.

Project 6:10 Network?

As a partner network, all labor hours and supplies are eligible for tax dedications through the selected place of worship. The Project 6:10 Network will provide the opportunity for your business to connect with the community through service. It also provides a unique opportunity to build your brand through social networking. Any work completed, pictures, video will all be eligible for you to use for your convenience. Local media outlets will also be notified in an effort to raise awareness of the Project 6:10 Network.

Project 6:10

What is next?

Our Dir. Of Operations Robert Landers is spearheading this project, you can direct any questions or concerns to rob.landiers@rlcommercialsystems.com or (785) 764-1331.

Simply inbox us at info@rlcommercialsystems.com or rob.landiers@rlcommercialsystems.com if you have further questions or would like to sign your company up for Project 6:10.

We are estimating our first selected church for the week of August 27-29. Service day will be between 1 to 2 days.

We appreciate the opportunity to present Project 6:10, we believe this will be a unique opportunity to use our skills and service to assist our community.
